

MOBILE STANDPIPE TRAILER

(MSP6)

A trailer-mounted standpipe system designed for controlled, repeatable deployment across civil, quarry and mining sites.

1. REDUCE SETUP TIME.
2. IMPROVE SAFETY.
3. STAY MOBILE.

Traditional standpipe setups work well for fixed, long-term installations...

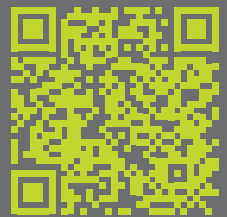

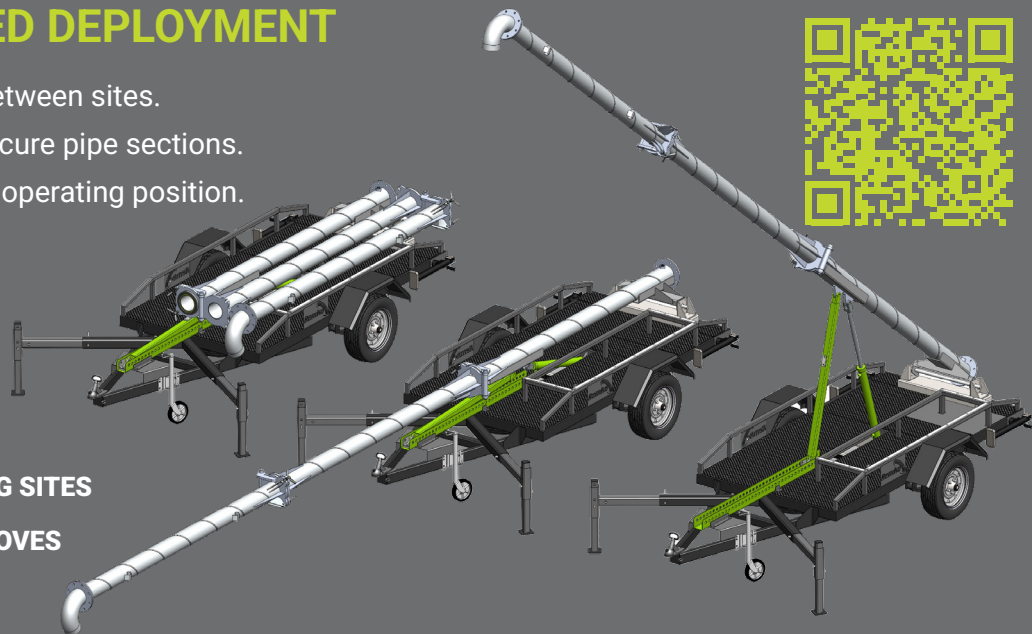

...but for sites that move, a more controlled and mobile solution is needed.

SIMPLE, CONTROLLED DEPLOYMENT

1. **TRANSPORT** - Move easily between sites.
2. **SETUP & LOCK** - Align and secure pipe sections.
3. **HYDRAULIC LIFT** - Raise into operating position.

- REDUCE SETUP TIME
- IMPROVE SITE SAFETY
- LOWER LABOUR REQUIREMENTS
- DEPLOY EASILY ACROSS CHANGING SITES
- MINIMISE DOWNTIME BETWEEN MOVES
